**Brand:** BYD

**38 200.0 EUR**

**Netto price: 31 833.3 EUR**

## Description

### Performance and Drivetrain

Drivetrain: front-wheel drive

Electric motor: permanent magnet synchronous

Power: approx. 95-110 kW (~130-150 hp)

Torque: approx. 210-310 Nm

Acceleration (0-100 km/h): approx. 8.5-10.0 seconds

Top speed: approx. 150-160 km/h

The Dolphin Plus drivetrain delivers balanced performance, with quick response and smooth acceleration, ideal for urban driving as well as highway use

### Battery, Range, and Charging

Battery: high-capacity lithium-iron-phosphate (LFP) Blade Battery

Capacity (Plus version): approx. 60-70 kWh

Range (WLTP): approx. 420-480 km

DC fast charging: around 30-60 kW — 0-80% charge in 40-60 minutes

AC charging: home 7.4 kW wall charger — full charge in 8-9 hours

The larger battery and WLTP range make the Dolphin Plus stand out among urban EVs, enabling even longer trips on a single charge

### Dimensions and Practical Details

Length: approx. 4,205 mm

Width: approx. 1,785 mm

Height: approx. 1,560 mm

Wheelbase: approx. 2,700 mm

Curb weight: approx. 1,550-1,650 kg

Seating: 5 passengers

Cargo capacity: approx. 350-1,000 liters (with seats folded)

The compact size combined with a generous wheelbase provides a spacious interior, easy maneuverability in cities, and practicality for weekend trips or carrying luggage

### Interior Features and Technology

Central touchscreen (10-12.8 inches)

Digital instrument cluster  
Bluetooth, USB ports  
Wireless Apple CarPlay and Android Auto (depending on market)  
Automatic climate control  
Keyless start  
Comfortable front and rear seats  
The interior is modern and clean, with intuitive controls and good sound insulation

### **Safety and Driver Assistance**

Multiple airbags (front, side)  
ABS + ESP stability control  
ISOFIX child seat anchors  
Parking sensors  
Rearview camera  
Automatic emergency braking  
Lane departure warning  
The Dolphin Plus safety package meets modern standards, supporting safe daily driving
