**Netto price: 76 750.0 EUR**

## Description

### Overview

The BYD Han is the premium model from Chinese automaker BYD. It aims to combine sporty performance with a comfortable, high-end interior in an elegant sedan. The car features a modern design, spacious cabin, and advanced technology.

### Performance and Drivetrain

Drivetrain: All-wheel drive (AWD), dual electric motors

Power: approx. 380 kW (~510 hp)

Torque: 700 Nm

Acceleration (0-100 km/h): approx. 3.9 seconds

Top speed: approx. 180 km/h

The dual-motor setup delivers sporty acceleration that competes with most premium electric vehicles.

### Battery and Range

Battery: Blade Battery (LFP, approx. 85.4 kWh)

WLTP Range: approx. 521 km

Fast charging (DC): max. 120 kW, approx. 25-40 minutes for 10-80% charge

Home charging (AC): approx. 11 kW

The Blade Battery technology provides safe, durable energy storage, and the range is impressive for daily use.

### Dimensions and Practical Details

Length: approx. 4,995 mm

Width: approx. 1,910 mm

Height: approx. 1,495 mm

Wheelbase: approx. 2,920 mm

Seating: 5 passengers

Trunk capacity: approx. 410 liters

The Han offers a spacious and comfortable interior for both passengers and luggage.

### Interior Features and Technology

15.6-inch central touchscreen

12.3-inch digital instrument cluster

Panoramic glass roof  
Leather seats with heating and ventilation  
Wireless phone charging  
Panoramic and 360° camera system  
Ambient lighting  
Dual-zone automatic climate control  
Premium audio system  
The interior uses premium materials and modern controls for a comfortable journey

### **Safety and Driver Assistance**

Adaptive cruise control  
Automatic emergency braking  
Lane departure warning  
Blind spot monitoring  
Parking sensors  
360° camera  
Multiple airbags  
These systems enhance safety, especially in busy urban environments

### **Driving Experience**

The BYD Han is dynamic and comfortable. Its electric drivetrain provides instant torque, quick response, and brisk acceleration. The suspension is well-balanced, ensuring stability and comfort in both city and highway driving

### **Summary**

The BYD Han is a top-tier electric sedan that:  
Offers strong electric performance and acceleration  
Provides a long WLTP range  
Features a spacious, premium interior  
Comes equipped with advanced technological and safety features  
Sports a modern, elegant sedan design
