Description

The Maybach S 650 is the ultimate expression of luxury and sophistication in the full-size sedan segment, combining Mercedes' renowned craftsmanship with unparalleled comfort and advanced technology. Powered by a 6.0-liter V12 biturbo engine, it delivers 621 horsepower and 1,000 Nm of torque, enabling effortless acceleration from 0 to 100 km/h in just 4.6 seconds, while ensuring a serene and composed ride at high speeds.

The exterior design features a long, elegant silhouette with signature Maybach details, chrome accents, and a distinctive grille that communicates prestige and presence. The refined suspension system, adaptive air suspension, and high-performance brakes guarantee smooth handling and supreme stability, whether cruising through city streets or on the highway.

Inside, the Maybach S 650 offers an opulent cabin with premium leather, real wood trim, reclining executive seats with massage and ventilation, and an advanced MBUX infotainment system with rear-seat entertainment. Cutting-edge driver assistance systems, including adaptive cruise control, active lane-keeping assist, and automated emergency braking, ensure maximum safety and convenience. The Maybach S 650 is the perfect choice for those seeking uncompromising luxury, power, and the ultimate chauffeured or driver-focused experience.
