Description

The Mercedes EQA 300 4MATIC is a premium compact SUV designed for drivers who want efficiency without compromising comfort and performance. Featuring dual electric motors and all-wheel drive, it delivers smooth, responsive acceleration and excellent traction in various weather conditions. The high-voltage battery provides a WLTP range of approximately 411-438 km, making it suitable for both urban commuting and longer journeys. The interior offers a modern, premium cabin with advanced MBUX infotainment, driver-assistance systems, and practical cargo space of 340-380 liters. Fast AC and DC charging capabilities ensure flexibility and convenience, while the energy-efficient drivetrain maximizes range and driving enjoyment.
