Description

The Mercedes EQA 350 4MATIC elevates the electric compact SUV experience with a more powerful dual-motor all-wheel-drive system. Designed for drivers who seek both efficiency and performance, it delivers responsive acceleration and confident handling in a variety of road and weather conditions. With a robust battery and refined electric drivetrain, it offers a generous driving range and flexible charging options. The interior combines premium materials with modern digital interfaces, including the intuitive MBUX infotainment system and advanced driver assistance features for enhanced safety and convenience. Practical cargo space and thoughtful design make the EQA 350 4MATIC a compelling choice for families and daily commuters alike.
