**Serial number:** TSLA-CT-AWD

**Brand:** TESLA

**52 000.0 EUR**

**Netto price: 43 333.3 EUR**

## Description

The Tesla Cybertruck AWD features a dual-motor all-wheel-drive system, offering powerful performance and precise handling in any terrain. Its angular, stainless-steel exoskeleton provides extreme durability and protection, while adaptive air suspension allows for variable ground clearance for off-road adventures or heavy loads. The vehicle accelerates from 0–100 km/h in around 4.5 seconds and can tow over 6,350 kg, making it highly capable for work or recreation. Inside, the minimalist cabin features a large central touchscreen, autopilot capabilities, and premium seating for up to six passengers. The long-range battery provides approximately 505 miles (814 km) of WLTP-equivalent range, ensuring extended journeys without compromise.
