**Netto price: 60 333.3 EUR**

## Description

### Overview

The Tesla Model X Plaid is one of the most powerful and fastest SUVs on the market, featuring an electric drivetrain with tri-motor all-wheel drive and an advanced technology package. With its distinctive Falcon Wing rear doors, spacious cabin, and modern infotainment system, it stands out among premium SUVs.

### Drivetrain and Performance

Drivetrain: tri-motor all-wheel drive (two motors at the rear, one at the front)

Power: over 1,020 hp

Acceleration (0-100 km/h): ~2.6 seconds

Acceleration (0-160 km/h): ~4.4 seconds

Top speed: ~262 km/h

Torque: instant electric torque

The Plaid drivetrain delivers astonishing acceleration, bringing sports car-level performance to an SUV.

### Battery and Range

Battery: high-capacity lithium-ion pack

WLTP range: ~560-580 km (depending on variant and wheel size)

Charging:

DC fast charging via Supercharger network

10-80% charge achievable quickly at Supercharger stations

The long range allows planning of extended trips, while the Supercharger network provides fast charging on the go.

### Dimensions and Practicality

Length: approx. 5,036 mm

Width: approx. 2,070 mm (including mirrors)

Height: approx. 1,624 mm

Wheelbase: approx. 2,960 mm

Curb weight: approx. 2,600-2,800 kg

Seating: up to 6-7 passengers (configurable)

Cargo space: large front and rear storage areas

The Model X offers a spacious interior, providing flexibility and comfort for larger families or heavy luggage.

## **Technology and Interior Features**

Large central touchscreen controlling most functions

Digital instrument cluster

Panoramic glass roof

Premium audio system

Autopilot and Full Self-Driving capability

Climate control and comfort seats

Falcon Wing rear doors — unique and practical for accessing the cabin in tight spaces

The interior is modern, clean, and technology-focused, delivering comfort and an engaging driving experience

## **Safety and Driver Assistance**

Multiple airbags and collision protection system

Adaptive cruise control

Lane keeping and lane assist

Automatic emergency braking

Blind spot monitoring

Parking cameras and sensors

The Tesla Model X Plaid offers the latest driver-assistance systems for safer and more convenient travel

## **Driving Experience**

The Model X Plaid is both sporty and practical:

Fast, direct acceleration

Quiet electric drivetrain

Well-balanced suspension

High-capacity long-range battery

Advanced technology features

This combination is rarely found in SUVs, especially with such sporty performance

## **Summary**

The Tesla Model X Plaid is an exceptional performance electric SUV that:

Offers sports car-level acceleration

Provides long range for daily and extended trips

Delivers a spacious and flexible interior for up to 7 passengers

Includes modern technology and driver-assistance systems

Allows fast DC charging via the Supercharger network

This model is ideal for those seeking sporty dynamics and high practicality in a single electric vehicle
