

# Tesla Roadster 2025

The **2025 Tesla Roadster** is an extreme-performance electric sports car and Tesla's most ambitious model. It stands out with its acceleration, long range, and sports-car-level handling. It features four seats, all-wheel drive, and is equipped with modern technology.

**Product code:** tesla-roadster-2025

**Serial number:** TSLA-RS-2025

**Brand:** TESLA

**89 000.0 EUR**

**Netto price:** 74 166.7 EUR

## Description

### Overview

The 2025 Tesla Roadster is a next-generation supercar that aims to set new benchmarks in performance, acceleration, and range with electric power. It features an aerodynamic fastback design, four seats, a removable glass roof, and a minimalist, modern interior.

### Drive and Performance

- Drive: Electric all-wheel drive (AWD)
- 0-100 km/h (0-62 mph) acceleration: ~2.1 seconds
- 0-100 mph acceleration: ~1.9 seconds
- 1/4 mile: ~8.8 seconds
- Top speed: over 400 km/h
- Torque: high-performance electric motor system

The Roadster delivers sports-car-level acceleration and dynamic driving experience.

### Range and Battery

- Range: ~1,000 km on a single charge
- Battery: high-capacity, modern Tesla pack
- Fast DC charging: rapid energy replenishment
- Home AC charging: up to 11 kW

The range is exceptional for a sports car, making the Roadster suitable for longer journeys.

### Interior and Practicality

- Seats: 4 passengers
- Roof: removable glass roof, stowable in the trunk
- Minimalist, modern interior design
- Large central touchscreen and digital instrument cluster

The interior is modern, sporty, and more practical than typical two-seater sports cars.

## Technology and Features

- Electric powertrain management and regenerative braking
- Autopilot and advanced driver-assistance systems
- High-performance infotainment system

The technology package enhances the driving experience while supporting safety.

## Appearance and Production

- Aerodynamic fastback styling
- Sporty, low-profile design
- Series production expected around 2025-2026

The Roadster's shape is not only visually striking but also aerodynamically optimized for high speeds.

## Summary

The 2025 Tesla Roadster offers:

- Extremely fast 0-100 km/h acceleration (~2.1 s)
- Long range (~1,000 km)
- Top speed over 400 km/h
- Four seats and a removable roof for practicality
- Modern technology and advanced driver-assistance systems

This model is Tesla's most ambitious electric sports car, combining sporty performance with long range and cutting-edge technology.

## Declaration

- **Manufacturer:** TESLA
- **Manufacturer headoffice:** Austin, USA
- **Netto weight:** 1.4 kg
- **Brutto weight:** 1.43 kg
- **Brand:** TESLA

## Specification

- **Width:** 199
- **Length:** 394
- **Height:** 113
